

MINUTES OF MEETING DAY 28/2

Today, at 8:00 p.m. on February 28th, 2021

At Home (Due to covid)

The meeting took place with the content: Discussing the Journal project

I. Participants: Secretary: Luong Van Huy Other components:

- Đỗ Văn Tuấn
- Vũ Minh Nhật
- Nguyễn Minh Tuấn
- Võ Hoài Kiệt
- Lương Văn Huy

II. Meeting contents

1. Meeting goals

Design database for the system.

Check the process of team Front End and Backend on the project

Divide task again for each member in group

2. Contents

Continue to discuss the issue: discuss problem on technology

Huy call the problem related to pull the project from gitHub have missing App-data folder with have database file inside.

Tuan was demand to send the App_data folder for test again.

The group test the folder on Huy's laptop. Another problem found, the captcha features seem to not working on Huy's Laptop but worked in Tuan's laptop.

Since it a feature developed by Tuan, Tuan take the responsibility to fixed it.

Vu raise another problem related to front-end team. He want to check the process of that team.

Huy, Tuan, Kiet reported that they still in process building the UI for their tasks. Tuan and Kiet have reported they have struggled on using CSS for styling each pages.

Vu have ideas that to move Tuan and Kiet continue develop UI and UX by figma so that their can have better imagine about their pages.

Huy and Tuan accepted Vu's Idea and so Tuan and Kiet.

Huy's also want to check the backend team process so he raised the problem. Tuan response there was developing data use for form of each actors and redesigned database.

Due to the good speed of backend team, all group decided backend team still on track and no need for changed.

The meeting now end.

III. Meeting conclusion:

- Found out problem about the malfunction of git project when pull back to laptop except Tuan's laptop.
- Found out the struggle of team Front End in using CSS for styling pages and set effect.
- Reconstruct team Front End, change task of Tuan and Kiet into design pages with figma for better understanding.
- Confirm that team Backend still on track.
